

**NAPWDA Workshop – Cookeville, Tennessee
October 12–15, 2026**

Workshop Information

This workshop will cover training and certification in Narcotics & Explosive Detection, Patrol, Tracking/Trailing, and Cadaver. K9 teams of all experience levels are welcome, as training will be tailored to fit each individual team. Throughout the week, participants will receive hands-on, scenario-based training focused on problem-solving and real-world applications. Search and Rescue teams will also have access to the latest Drone Sense Technology to assist in evaluating tracks and training scenarios. Training will be conducted at multiple locations to provide teams with a variety of exposures and environments.

Cadaver Teams: When registering, please specify whether you are attending for certification or training purposes. Teams testing for certification must provide their own certification materials.

Master Trainers
Major James Harris – Patrol / Narcotics
Matt Hall – Explosives / Patrol / Narcotics
Shawn Lisee – Patrol / Narcotics
Greg Strickland – Cadaver
Dan Lane – Patrol / Narcotics
